Good Morning Mr. Secretary and Deputy Secretary,

This report includes a summary of events in Washington DC and across the nation from overnight. I've included FPS should they have additional details to highlight.

Summary: There were numerous protests across the nation mostly peaceful in nature, however, in at least two instances local law enforcement took actions of declaring an unlawful assembly and issuing dispersal orders. In one of these events, less-than-lethal munitions were deployed against the crowd. There were no reported injuries to federal law enforcement personnel. Minor damage was reported at two federal properties.

Washington DC: Protests concluded peacefully after thousands gathered outside of the US Supreme and marched throughout downtown. The Frederick Douglass Memorial bridge remained closed overnight after a protestor climbed an arch of the bridge.

Phoenix, AZ: A crowd of over 1,000 gathered outside of the Arizona Senate building and began hitting glass walls and windows. Police declared an unlawful assembly and used less-than-lethal munitions to disperse the crowd. Lawmakers were moved briefly to the basement as they attempted to complete their current session. No reported arrests or injuries.

Los Angeles, CA: Crowds amassed near Pershing Square and the Los Angeles Federal Courthouse, with demonstrators making their way onto the 110 Freeway, temporarily blocking traffic. Los Angeles Police Department issued a dispersal order and cleared roadways. LAPD did not confirm number of arrests made. FPS reports the courthouse was vandalized with graffiti in at least three locations.

New York, NY: NYPD reports an estimated crowd of 17,000 gathered in downtown Manhattan to protest, an unknown number of arrests were made for obstructing traffic. Several confrontations between groups and police occurred throughout the city.

Portland, OR: After a crowd of 1,000 dispersed, a remaining group of approximately 70 started a bonfire in an intersection near the Mark O. Hatfield Courthouse and began throwing liquid at the building. Sheets were hung on the perimeter fencing and subsequently set ablaze which eventually self-extinguished. Damage to the building is unknown at the time of report.

Eugene, OR: FPS reported a crowd up to 1,000 outside the Wayne L. Morse United States Courthouse being escorted by Eugene Police. FPS reported a passing motorist struck a protestor

that was in the roadway. Eugene Police handled the incident, and a subject was taken into custody after a short pursuit. FPS also reports that a plaque was damaged at the building. As an FPS employee was attempting to take pictures of the plaque a female protestor spat on them. The female was ordered to leave and complied without further incident.

Reno, NV: FPS located at the Bruce R. Thompson Courthouse, Reno, NV, reported approximately (b)(7)(E) protestors are on site and blocking the streets. Unknown individuals within the crowd painted graffiti on the courthouse in several places.

Cedar Rapids, IA: Cedar Rapids Police report a driver ran into protesters (a group of 40) in downtown Cedar Rapids, IA. At least one person was hospitalized. No arrests have been made and investigation is on-going.

Overview (2036 ET 3 May): A leaked Supreme Court draft opinion prompted first amendment activity across the country. There are currently no reports of injuries or arrests.

Report: An unauthorized disclosure of a majority draft opinion was leaked to the public in regards to the Roe v. Wade decision; the final ruling is expected in the next two months. The Chief Justice issued a statement that "Although the document described in yesterday's reports is authentic, it does not represent a decision by the Court or the final position of any member on the issues in the case." The Chief Justice also directed the Marshal of the Court to launch an investigation into the source of the leak.

Several planned pro-choice and pro-life demonstrations will likely be occurring over the next couple days to weeks, following the news of the potential decision by the Supreme Court of the United States (SCOTUS). U.S. Capitol Police (USCP) report demonstrations are also likely to occur at the private residences of SCOTUS Justices.

U.S. Supreme Court Police (USSCP) have imposed road closures around the Supreme Court on First Street between Constitution Avenue and Independence Avenue; East Capitol Street between First Street and Second Street, and Maryland Avenue between First Street and Constitution Avenue.

The USSCP is coordinating with both the USCP and DC Metro Police Department (MPD) for support and potential response. No decisions have been made concerning fencing around the SCOTUS building.

The Justices are not scheduled to hear arguments this week, but are expected to be present and work in their chambers. The Senate is in session this week while the House of Representative is not in session.

FPS is reporting 9 separate demonstrations are occurring across the country at Federal facilities with the largest in New York, NY with an estimate 5,000 individuals attending.

The NOC is monitoring the situation at the SCOTUS building and across the country for any impacts to Federal facilities or impacts to the DHS mission.

Subject: RE: FPS Updates Portland and LA

Sir, an update,

- Portland - We have the damage estimates from GSA completed from events earlier in the week. Of 72 + events impacting FPS federal facilities, the only ones where we experienced damage to property was Portland OR (go figure).
- LA – after additional review of video it appears FPS officers acted appropriately to assist a fellow officer who had been surrounded by a hostile crowd. FPS Director has instructed this event be sent to our national Use of Force board for review due to the high profile of the event and media and congressional interest in it. (b)(5) (b)(5) (b)(5)

10	OR0052	5/3/2022	Mark O. Hatfield U.S. Courthouse	1000 SW 3rd Avenue	Portland	OR	Roe V. Wade	Unknown	Few instances of graffiti. Unknown cost estimate for

									cleaning(already complete)
10	OR0023	5/3/2022	Gus Solomon Courthouse	620 SW Main Street	Portland	OR	Roe V. Wade	Unknown	17 windows destroyed. GSA estimated damage $50k-$80K
10	OR0024	5/3/2022	Pioneer Courthouse	700 SW 6th Avenue	Portland	OR	Roe V. Wade	Unknown	Graffiti on historic perimeter wall. Estimated damage based upon previous incidents is in excess of $50K

Subject: FPS Updates Portland and LA

Sir,

A short update, including Heather and Kevin since they have been on other relevant communications.

- Damage to the Hatfield USCH in Portland was limited to tagging vandalism which GSA has already painted over
- In conducting damage assessment we discovered that the Gus Solomon USCH in Portland had a number of windows broken, along with multiple commercial and local government buildings in the area
- The incident in LA where FPS inspectors responded to a call for assistance from a Special Agent who had been surrounded by an aggressive crowd, we now believe to have happened about 3 blocks from the federal building he was responding to, not 2 blocks, as originally reported

Gabe

Sir,

We are also aware that during criminal activity last night associated with Roe v Wade protests in Portland Oregon, incendiary devices were thrown at the Hatfield USCH and commercial buildings were also damaged. We have not gotten a damage assessment on the federal courthouse yet but will provide it once we do. Portland police made one arrest for reckless burning and disorderly conduct.

Sirs,

As you can see from the SPOT Report unfortunately we've had numerous vehicles vandalized and a couple of inspectors obtained minor injuries from this incident in Los Angeles. I am still gathering details and attempting to ascertain what SA

Smith was doing in the area in the middle of the protest. I am told the protesters have disbursed for now. More to follow.
